

## BSI Training Academy

# IATF 16949:2016 **Senior Management** Briefing

### Essential information about the course

Level **1C**

IATF 16949:2016 is the internationally recognized Quality Management System (QMS), for the automotive industry. It helps organizations continually improve, focus on meeting customer requirements, and ensure customer satisfaction.

As a leader, your commitment and support is crucial to the success of your organization's Quality Management System. That's why we have developed our executive-level Senior Management

Briefing which will help top managers identify and manage their responsibilities with regards to the standard. This will help your organization to maximize the benefits of adopting IATF 16949.

The session is fully interactive and led by our expert tutors who have years of experience of working in the automotive industry. Upon completion you will be able to develop action plans for implementing key leadership activities.

### Our full course agenda helps you understand what to expect:
