Internal Auditor ISO 44001:2017 training course

Essential information about the course

Level

ISO 44001 Collaborative Relationship Management makes good business sense. Make it your business to deliver the benefits of collaborative working and lead excellent partnerships in your organization.

An ineffective audit can mean severe consequences, resulting in process failure, customer dissatisfaction and regulatory noncompliance. This two day Internal Auditor training course will teach you to optimize your auditing skills in relation to the processes of the unique behavioral based standard that is ISO 44001:2017.

This training course develops the necessary skills to assess, audit and report on conformance and implementation of ISO 44001:2017. You will cover how to initiate an audit, prepare and conduct audit activities, compile and distribute audit reports and complete follow-up activities.

Your learning is based around industry best practice outlined in the standard, where the course will be led by a BSI expert tutor in a relaxed and comfortable learning environment. Find out how to challenge and innovate to get the best out of partnerships and deliver real benefits. An ISO 44001 approach can help your company achieve greater efficiency by sharing skills and resources whilst reducing cost and risk.
