About BSI Training Academy

Forward-thinking organizations are recognizing that to stay ahead of industry change, to win the talent war and to outperform the competition, they need to instill a culture of continuous learning and constant growth within their organizations.

Standing still is not an option.

BSI Training Academy is key to this, supporting people and organizations to develop and progress toward a resilient future.

We are one of the largest training and certification bodies, we have helped shape many of the world's leading standards from ISO 9001 to ISO/IEC 27001.

We take the time to understand your company's learning needs to develop training solutions that satisfy your business objectives and your personal aspirations.

Our approach - accelerated learning via participation in activity-based learning and sharing with peers.

Expert tutors in their field - offering a world-class learning experience that our delegates rate as first class. They know best how to transform your organization by turning our experience into your expertise.

Internationally recognized BSI certificates. A BSI Training Academy certificate is a mark of expertise, quality and integrity.

BSI Blockchain-based solution - enables you to showcase your achievements with just on click through a single trusted platform, powered by the OriginTrail Decentralized Knowledge Graph and underlying blockchains. [Watch demo.](#)

There are currently two pathways, depending on your specialism:

- Project Information
- Asset Information

BIM Project Information qualifications

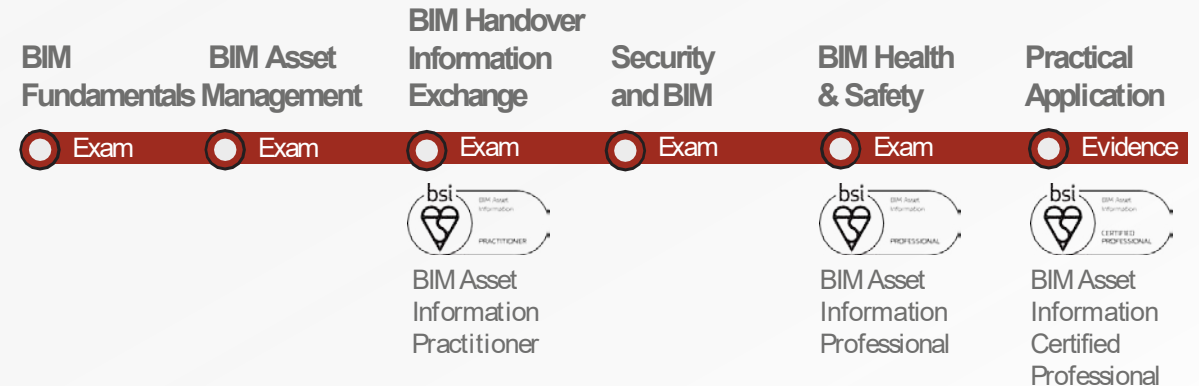

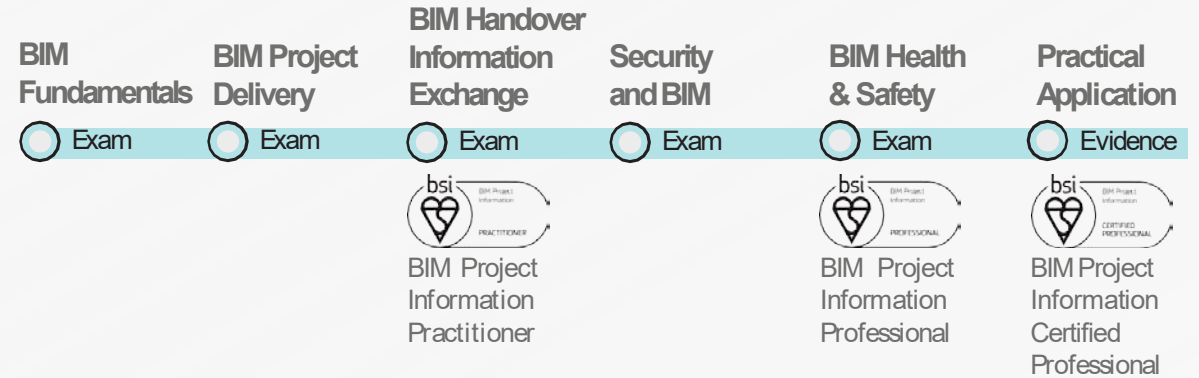

BIM is used by project managers to improve communication, coordination and collaboration on projects.

Your BIM Project Information qualification can help you to drive BIM projects, increasing the operational efficiency of project teams.

BIM Asset Information qualifications

Owners of large properties, estates or portfolios of assets need to be confident that their assets are maintained effectively and cost efficiently for operational and maintenance purposes.

Having a qualification in BIM Asset Information will give confidence in your skills and experience.

*Internal and Lead Auditor routes are available across the core standards portfolio.
